AN INTRODUCTION

B.N.O.S. Meditech is a world – class British medical device company, established in Essex in 1989. Meditech designs, manufactures and exports ventilation, resuscitation, therapy + other medical gas products to over one hundred countries worldwide.

We set standards for saving peoples lives. We work closely with professional users within the emergency medical services, hospitals, military medical services, industrial safety + marine to develop market leading medical devices.

Meditech is the UK's leading company in the field of medical gas equipment. Committed to customer service we supply high calibre products and our technical engineering ability permits necessary product modifications to comply with local market requirements throughout the world.

OUR PRODUCTS

B.N.O.S. Meditech Limited manufacturers and distributes products for ventilation, resuscitation, oxygen therapy, pain relief + more. Meditech is an ISO 13485 registered company. All of our products meet the relevant national and international standards and are CE marked in accordance with the Medical Devices Directive in the EU.

In – house manufacture and design give Meditech significant advantage over our competitors. We have extensive CNC machining + injection moulding centres with all other processes of manufacture + assembly performed in – house. Our in – house capability gives Meditech total control of quality, precision, cost + eliminates supply chain.

VISION + VALUES

Quality

High quality products + services are at the forefront of everything we do at Meditech. Quality is never compromised.

Customer Service

We develop long lasting relationships with our customers delivering exceptional pre- and post-market sales. We work together through our shared values, open communication, teamwork + high quality product portfolio.

Innovation

We pride ourselves on delivering market leading, innovative products and ensuring we maintain our requirements to meet our customers needs.

Sustainability + Social Responsibility

B.N.O.S. Meditech has selected three focus areas for the Social Responsibility policy and sustainability efforts:

- Safety: of our products and in the workplace
- Ethical workplace and business practice
- Usage and recycling of material

Microvent™ Professional

Microvent™ WORLD Resuscitator - Professional

MICROVENT™ WORLD, ADVANCED, AIRMIX, ADULT AND CHILD, BS SCHRADER INLET FITTING

Part No. 670-0531-00

Microvent™ resuscitator fitted with:

- Airmix for 50% or 100% Oxygen
- Patient assist valve for breathing synchronisation
- Adjustable selection control for use with adults and children varies the frequency and tidal volume with a 1:21: E ratio
- Automatic (time cycled) or manual operation.

STANDARD option is also available, excluding patient assist functions:

Part No. 670-0213-00

MICROVENT™ WORLD, ADVANCED, ADULT AND CHILD, BS SCHRADER INLET FITTING

Part No. 670-0539-00

Microvent™ resuscitator fitted with:

- Patient assist valve for breathing synchronisation
- Adjustable selection control for use with adults and children varies the frequency and tidal volume with a 1:21: E ratio
- Automatic (time cycled) or manual operation.

STANDARD option is also available, excluding patient assist functions:

Part No. 670-0511-00

FABRIC BAG AND ACCESSORIES FOR PROFESSIONAL MODELS FOR ADULTS AND CHILDREN

Part No. 131-0069-20

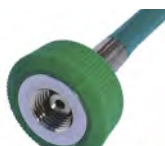

Wipeable carrying bag with shoulder strap, carrying handles, internal pockets, cylinder restraint straps, etc. Supplied with:

- 3 X Resuscitation masks (adult, small adult, child)
- 2 X High concentration therapy masks (adult, child)
- 4 X Oropharyngeal airways (size 0, 1,2,3)
- 1 X ET tube connector

Each Microvent™ is available with the hose fittings show below. If the hose fitting you require is not shown, please contact us to discuss your requirements.

Microvent™ Professional

Microvent™ EUROPEAN Resuscitator - Professional

MICROVENT™ EUROPEAN, ADVANCED, ADULT AND CHILD, BS SCHRADER INLET FITTING

Part No. 670-0215-00

Microvent™ resuscitator fitted with:

- Patient assist valve for breathing synchronisation
- Adjustable selection control for use with adults and children varies the frequency and tidal volume with a 1:21: E ratio
- Automatic (time cycled) or manual operation.

STANDARD option is also available, excluding patient assist functions:

Part No. 670-0213-00

Microvent™ CPR Resuscitator - Professional

MICROVENT™ CPR, ADULT AND CHILD, BS SCHRADER INLET FITTING

Part No. 670-0483-00

Microvent™ resuscitator:

- Set to 10 breaths per minute with a 1 second inspiratory time
- Pneumatic Oxygen powered resuscitator
- Automatic (time cycled) and manual trigger
- Easy to use, lightweight and compact
- Constructed within a tough reinforced plastic casing to withstand use in difficult situations
- Microvent™ patient valve feature 22/15mm connects to take standard airway devices and face masks
- The oxygen supply hose is two metres long with a British Standard (BS) medical Oxygen supply probe which enables use with all BS standard portable and piped oxygen supplies. (other types of connectors are available for export)
- Excellent visibility of patient and resuscitator controls

FABRIC BAG AND ACCESSORIES FOR PROFESSIONAL MODELS FOR ADULTS AND CHILDREN

Part No. 131-0069-20

Wipeable carrying bag with shoulder strap, carrying handles, internal pockets, cylinder restraint straps, etc. Supplied with:

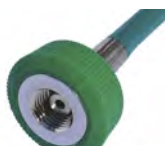

- 3 X Resuscitation masks (adult, small adult, child)
- 2 X High concentration therapy masks (adult, child)
- 4 X Oropharyngeal airways (size 0, 1,2,3)
- 1 X ET tube connector

Each Microvent™ is available with the hose fittings show below. If the hose fitting you require is not shown, please contact us to discuss your requirements.

Microvent™ Industrial

Microvent™ INDUSTRIAL Resuscitator

MICROVENT™ INDUSTRIAL, ADVANCED, ADULT ONLY, BS SCHRADER INLET FITTING

Part No. 670-0261-00

Microvent™ automatic and manual resuscitator fitted with:

- Patient assist valve for breathing synchronisation
- Designed for easy use in industrial settings
- Manual setting ideal for 30:2 ventilation in CPR

STANDARD option is also available, excluding patient assist functions:

Part No. 670-0259-00

Microvent™ UTILITYVENT Resuscitator

MICROVENT™ UTILITY, ADVANCED, ADULT, BS SCHRADER INLET FITTING

Part No. 670-0339-00

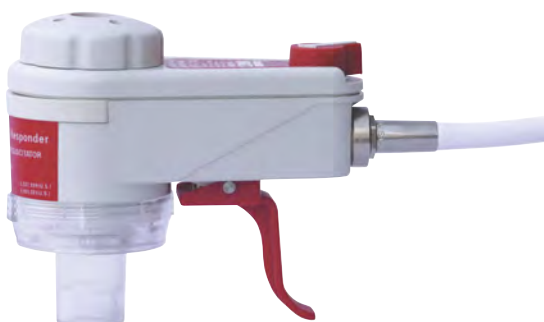

The “switch and use” automatic resuscitator:

- Patient assist valve for breathing synchronisation
- Designed for easy use in industrial settings
- Manual setting ideal for 30:2 ventilation in CPR

STANDARD option is also available, excluding patient assist functions:

Part No 670-0583-00

Microvent™ RESPONDER Resuscitator

MICROVENT™ RESPONDER RESUSCITATOR, BS SCHRADER INLET FITTING

Part No. 670-0312-00

Microvent™ Responder resuscitator fitted with:

- Manual control
- Flow rates of 20lpm or 40lpm are selected
- Trigger operated to start ventilation
- Controlled flow ventilation (with pressure relief) and no Oxygen wastage.

FABRIC BAG AND ACCESSORIES FOR INDUSTRIAL AND UTILITY MODEL MICROVENT™ FOR ADULTS

Part No. 131-0079-20

Wipeable carrying bag with shoulder strap, carrying handles, internal pockets, cylinder restraint straps, etc. Supplied with:

- 1 X Resuscitation mask (adult)
- 1 X High concentration therapy mask (adult)
- 2 X Oropharyngeal airways
- 1 X ET tube connector

Each Microvent™ is available with the hose fittings show below. If the hose fitting you require is not shown, please contact us to discuss your requirements.

PIN INDEX INLET FITTINGS - OXYGEN

Part No.
55B 677-0000-00
55SL 777-0000-00

**OXYGEN REGULATOR,
PIN INDEX,
THERAPY ONLY.**

- Oxygen regulator with pin index inlet
- Multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10 and 15 litres per minute.
- 0-25lpm & 0-70lpm flow rates also available upon request
- 55B approx. 634g weight
- 55SL approx. 385g weight

Part No.
55B 677-0001-10
55SL 777-0001-10

**OXYGEN REGULATOR,
PIN INDEX,
1 x BS SCHRADER THERAPY.**

- Oxygen regulator with pin index inlet
- Multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10 and 15 litres per minute.
- 0-25lpm & 0-70lpm flow rates also available upon request
- 1 X BS Schrader oxygen outlet
- 55B approx. 795g weight
- 55SL approx. 485g weight

Part No.
55B 677-0001-20
55SL 777-0001-20

**OXYGEN REGULATOR,
PIN INDEX,
2 x BS SCHRADER THERAPY.**

- Oxygen regulator with pin index inlet
- Multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10 and 15 litres per minute.
- 0-25lpm & 0-70lpm flow rates also available upon request
- 2 X BS Schrader oxygen outlet
- 55B approx. 847g weight
- 55SL approx. 538g weight

Part No.
55B 678-0001-10
55SL 778-0001-10

**OXYGEN REGULATOR,
PIN INDEX,
1 x BS SCHRADER.**

- Oxygen regulator with pin index inlet
- 1 X BS Schrader oxygen outlet
- 55B approx. 724g weight
- 55SL approx. 416g weight

Part No.
55B 678-0001-20
55SL 778-0001-20

**OXYGEN REGULATOR,
PIN INDEX,
2 x BS SCHRADER.**

- Oxygen regulator with pin index inlet
- 2 X BS Schrader oxygen outlet
- 55B approx. 776g weight
- 55SL approx. 469g weight

PIN INDEX INLET FITINGS - MEDICAL AIR 4 BAR

Part No.
55B 691-0900-00
55SL 791-0900-00

**MEDICAL AIR REGULATOR,
PIN INDEX,
THERAPY ONLY.**

- Medical Air regulator with pin index inlet
- Multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10 and 15 litres per minute
- 0-25lpm & 0-70lpm flow rates also available upon request
- 55B approx. 634g weight
- 55SL approx. 384g weight

Part No.
55B 691-0908-10
55SL 791-0908-10

**MEDICAL AIR REGULATOR,
PIN INDEX,
1 X BS SCHRADER, THERAPY.**

- Medical Air regulator with pin index inlet
- Multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10 and 15 litres per minute
- 0-25lpm & 0-70lpm flow rates also available upon request
- 1 X BS Schrader Medical Air outlet
- 55B approx. 795g weight
- 55SL approx. 485g weight

Part No.
55B 691-0908-20
55SL 791-0908-20

**MEDICAL AIR REGULATOR,
PIN INDEX,
2 X BS SCHRADER, THERAPY.**

- Medical Air regulator with pin index inlet
- Multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10 and 15 litres per minute
- 0-25lpm & 0-70lpm flow rates also available upon request
- 2 X BS Schrader Medical Air outlet
- 55B approx. 847g weight
- 55SL approx. 538g weight

Part No.
55B 692-0908-10
55SL 792-0908-10

**MEDICAL AIR REGULATOR,
PIN INDEX,
1 X BS SCHRADER.**

- Medical Air regulator with pin index inlet
- 1 X BS Schrader Medical Air outlet
- 55B approx. 724g weight
- 55SL approx. 416g weight

Part No.
55B 692-0908-20
55SL 792-0908-20

**MEDICAL AIR REGULATOR,
PIN INDEX,
2 X BS SCHRADER.**

- Medical Air regulator with pin index inlet
- 2 X BS Schrader Medical Air outlet
- 55B approx. 776g weight
- 55SL approx. 469g weight

SA7 – Surgical Air models also available.

Regulators (OXYGEN)

CUSTOMISATION

Create a regulator to suit your specific requirements by following the steps below to generate your regulator part number.

STEP 1 Choose the Regulator **BODY TYPE** that you require.
Decide if you want Brass or Aluminium.

STEP 2 Choose the **TYPE** of Oxygen Pressure **INLET** that you require.

STEP 3 Choose the **TYPE** of Oxygen Pressure **OUTLET** that you require.

STEP 4 Choose **HOW MANY** Oxygen Pressure Outlets that you need for your Regulator.

STEP 5 Decide if you want your Regulator to have **OXYGEN THERAPY**, and if so, choose what **TYPE**.

4 BAR MEDICAL GAS REGULATOR PART NUMBERING SYSTEM

Basic Regulator Type:

BRASS - 55B

Demand Valves

ENTONOX®

ENTONOX® DEMAND VALVE

- Available in 2M, 3M & 4M hose with BS Schrader probe
- Full length handle
- 5 Year Warranty
- 5 Year service
- 10 year intended life-span

Part No.

900-0021-00 (2M HOSE)

900-0031-00 (3M HOSE)

900-0041-00 (4M HOSE)

Our analgesic demand valve is designed for use with 50/50 N2O/O2 (Nitronox/Entonox®) to meet BS4272-2. It is extremely strong with practical features to avoid cross contamination which provides a good patient experience. There is low patient effort required. Our demand valves are designed to use with generic filter systems. Each demand valve can be supplied with a dedicated pressure regulator or with any international hose fitting to use with your own cylinder or wall supply.

ENTONOX® REGULATOR – PIN INDEX 1 x BS SCHRADER

Part No.

673-0546-00

- Entonox® regulator with pin index inlet
- 1 x BS Schrader outlet

BACTERIAL FILTER/MOUTH PIECE

Part No.

673-9021-00

Single use bacterial mouth pieces used to avoid cross contamination. To be used with our Entonox® and Oxygen demand valves.

Each Demand Valve is available with the hose fittings shown below. If the hose fitting you require is not shown, please contact us to discuss your requirements.

0-70	710-0101-24

- Twin outlet fittings are ¼" thread to take humidifiers
- Converters are also supplied to take Oxygen therapy hose
- The selector has a wall mounting plate allowing fixing to a wall or bulkhead by screws or bolts.
- Available with any international probe type.

**Humidifiers to be purchased separately.*

TWIN FLOW SELECTOR RAIL MOUNT WITH 2M SUPPLY HOSE FITTED BS SCHRADER PROBE PLUS 2X HUMIDIFIERS

lpm	Part No.
0-15	710-0102-22 *
0-25	710-0102-23 *
0-70	710-0102-24 *

- Twin outlet fittings are ¼" thread to take humidifiers
- Converters are also supplied to take Oxygen therapy hose
- The selector has a rail mounting plate allowing fixing to a medical rail.
- Available with any international probe type.

**Humidifiers to be purchased separately.*

Available gas Types:

- O₂
- MA4
- ENTONOX

55SL 4 WAY FLOW SELECTOR AND FRAME,
BS SCHRADER PROBE ON 2M SUPPLY HOSE

lpm	Part No.
0-15	673-0534-00
0-25	673-0535-00
0-70	673-0534-07

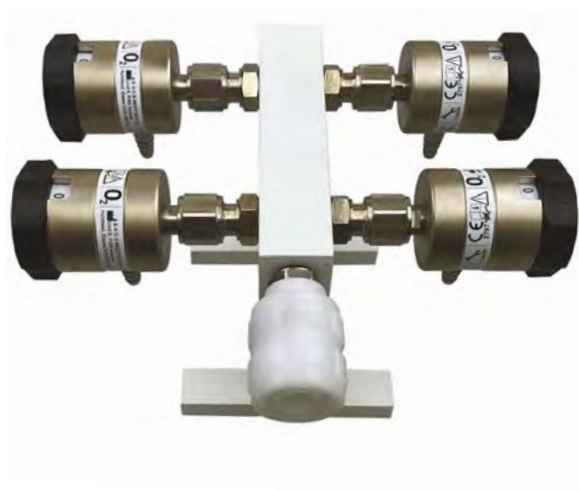

- 55SL 4-way flow selector with frame
- Flow selector with multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10,15,25 and 70 litres per minute.
- Designed for use with a 4 bar Oxygen supply
- Approximate dimensions 460 X 210 X 210mm
- Also available with different international hose fittings.

55SL 4-WAY FLOW SELECTOR ON STAND-MOUNT,
BS SCHRADER PROBE, 2M SUPPLY HOSE

lpm	Part No.
0-15	673-0834-00
0-25	673-0835-00
0-70	673-0870-00

- Flow selector with multiple flow therapy outlet set by selector dial – ½, 1,2,3,4,6,8,10,15,25 and 70 litres per minute.
- Designed for use with a 4 bar Oxygen supply
- Also available with left angle probe. Please contact us for details.
- Also available with different international hose fittings.

Emergency Services Kits

MICROVENT™ WORLD PARAMEDIC RESUSCITATION KIT

Part No. 670-0130-01

MICROVENT™ WORLD PARAMEDIC RESUSCITATION KIT, WITH PIN INDEX AND BS SCHRADER FITTING

The Microvent™ World Resuscitation Kit is designed for professional emergency services use for when breathing has stopped, when breathing assistance is needed or if oxygen therapy is required.

Designed for easy use, suitable for adults + children.
Kit includes:

- 1x Microvent™ World Advanced Automatic + Manual Resuscitator With 2M Hose
- 1x Pin Index Regulator, 1x BS Schrader, Therapy (0-15LPM)
- 1x Size 5 Resuscitation Mask, 1x Size 4 Resuscitation Mask, 1x Size 3 Resuscitation Mask
- 1x Size 1, Size 2, Size 3 + Size 4 Oropharyngeal Airways
- 1x Catheter
- 1x Adult High Concentration Oxygen Therapy Mask
- 1x Child High Concentration Oxygen Therapy Mask

CPR PARAMEDIC RESUSCITATION KIT

Part No. 670-0484-00

MICROVENT™ CPR PARAMEDIC RESUSCITATION KIT, WITH PIN INDEX AND BS SCHRADER FITTING

The Microvent™ CPR Resuscitation Kit is designed for professional emergency services use for when breathing has stopped, when breathing assistance is needed or if oxygen therapy is required.

Designed for easy use, suitable for adults + children.
Kit includes:

- 1x Microvent™ CPR Advanced Automatic + Manual Resuscitator With 2M Hose
- Set to 10 BPM with 1 Second Inspiratory Time
- 1x Pin Index Regulator, 1x BS Schrader, Therapy (0-15LPM)
- 1x Size 5 Resuscitation Mask, 1x Size 4 Resuscitation Mask, 1x Size 3 Resuscitation Mask
- 1x Size 1, Size 2, Size 3 + Size 4 Oropharyngeal Airways
- 1x Catheter
- 1x Adult High Concentration Oxygen Therapy Mask
- 1x Child High Concentration Oxygen Therapy Mask

Emergency Services Kits

OXYGEN THERAPY KIT & MOUTH TO MASK RESUSCITATOR

Part No.
670-0378-00

OXYGEN THERAPY KIT AND MOUTH TO MASK RESUSCITATOR

Kit for giving Oxygen therapy or Oxygen enriched mouth to mask resuscitation. This kit includes:

- 1 x Pin Index therapy only Oxygen regulator
- 1 x High concentration Oxygen therapy masks (adult)
- 1 x High concentration Oxygen therapy masks (child)
- 4 x Oropharyngeal airways
- 1 x Pocket mask
- Supplied in soft, wipeable bag.

Oxygen Cylinder not included.

BAG VALVE MASK RESUSCITATION KIT I

Part No.
670-0425-00

BAG VALVE MASK RESUSCITATION KIT SUPPLIED WITH REGULATOR

- 1 x single use BVM with adult (5), small adult (4) and child (3) masks in silicone
- 1x Oxygen reservoir system
- 1 X Pocket Mask
- 2 x High concentration Oxygen therapy mask (adult)
- 2 x High concentration Oxygen therapy masks (child)
- 4 x Oropharyngeal airways
- Supplied in a soft, wipeable bag.

Oxygen Cylinder not included.

BAG VALVE MASK RESUSCITATION KIT II

Part No.
670-0425-90

BAG VALVE MASK RESUSCITATION KIT SUPPLIED WITHOUT REGULATOR

- 1 x single use BVM with adult (5), small adult (4), and child (3) masks in silicone
- 1 x Oxygen reservoir system
- 1 X Pocket Mask
- 2 x High concentration Oxygen therapy masks (adult)
- 2 x High concentration Oxygen therapy masks (child)
- 4 x Oropharyngeal airways
- Supplied in soft, wipeable bag.

Oxygen Cylinder not included.

Industrial Kits

MICROVENT™ INDUSTRIAL KIT

Part No. 670-0309-01

MICROVENT™ INDUSTRIAL RESUSCITATION KIT (SOFT CASE).

Part No. 670-0345-01

MICROVENT™ INDUSTRIAL RESUSCITATION KIT (HARD CASE).

- Microvent™ advanced adult resuscitator with automatic and manual modes of operation
- 1 x Oxygen regulator, Pin Index, 1 x BS Schrader, therapy outlet
- 1 x Resuscitation mask (adult)
- 1 x High concentration Oxygen therapy mask (adult)
- 2 x Oropharyngeal airways
- 1 x Extension catheter mount (for connecting endo-tracheal tubes or other devices to the Microvent™ patient valve)
- Supplied in a soft, wipeable bag.

Oxygen Cylinder not included.

UTILITYVENT KIT

Part No. 670-0340-01

MICROVENT™ UTILITYVENT RESUSCITATION KIT.

The 'switch on and use' automatic resuscitator:

- Designed for ease of use where visibility and access may be reduced
- Pre-set automatic setting of 12 breaths per minute and 600ml breath size
- Patient assist valve for breathing synchronisation

The UtilityVENT™ Kit includes:

- 1 x UtilityVENT™ Resuscitator
- 1 x Oxygen regulator, Pin Index, 1 x BS Schrader
- 1 x Resuscitation mask (adult)
- 2 x Oropharyngeal airways
- Supplied in a soft, wipeable bag.

Oxygen Cylinder not included.

CONFINED SPACE RESCUE KIT

Part No. 670-0472-00

**CONFINED SPACE
RESCUE KIT - HARD CASE.**

Part No. 670-0477-00

**CONFINED SPACE
RESCUE KIT - FABRIC CASE.**

- 1 x Microvent™ advanced adult/child resuscitator with the 2m Oxygen supply hose
- 1 x Extension hose 10m (up to 30m available on request)
- Case for stowage and protection in adverse conditions
- 2 x High concentration Oxygen therapy mask (adult and child)
- 3 x Resuscitation masks (adult, small adult and child)
- 1 x Hook ring and head harness for attaching resuscitation mask
- 4 x Oropharyngeal airways
- 1 x Flexible ET tube mount
- 1 x Oxygen regulator, Pin Index, 1 x BS Schrader, therapy outlet
- 1 x Oxygen therapy Flow Selector (0-15 lpm)
- 1 x BA air regulator adapted to enable emergency use of breathing apparatus air with the Resuscitator.

Oxygen Cylinder not included.

Marine Kits

MICROVENT™ SAILOR KITS

Part No.
670-0498-00

MICROVENT™ SAILOR RESUSCITATION KIT, WITH PIN INDEX AND BS SCHRADER FITTING

The Microvent™ Sailor kit is designed for use in an emergency when breathing has stopped, when breathing assistance is needed or if Oxygen therapy is required.

Resuscitation Kit with:

- 1 x Microvent™ automatic and manual resuscitator with 2m Oxygen hose
- Designed for easy use
- Pre-set for adult casualties for ease of use in industry
- Manual setting ideal for 30:2 ventilation in CPR
- Automatic setting will provide consistent tireless ventilation
- Resuscitator is suitable for use in a non-breathable atmosphere
- Oxygen therapy through a therapy face mask or nasal cannula
- 1 x Oxygen regulator, Pin Index, 1 x BS Schrader, therapy outlet
- 2 x Oropharyngeal airways
- 1 x Catheter mount
- 1 x High concentration Oxygen therapy mask (adult)
- 1 x Resuscitation mask (adult)
- Supplied in soft, wipeable carry bag.

Oxygen Cylinder not included.

Part No.
670-0682-00

MICROVENT™ SAILOR II RESUSCITATION KIT, WITH PIN INDEX AND BS SCHRADER FITTING

The Microvent™ II Sailor kit is designed for use in an emergency when breathing has stopped, when breathing assistance is needed or if Oxygen therapy is required.

Resuscitation Kit with:

- 1 x Microvent™ automatic and manual resuscitator with 2m Oxygen hose
- Designed for easy use
- Pre-set for adult casualties for ease of use in industry
- Manual setting ideal for 30:2 ventilation in CPR
- Automatic setting will provide consistent tireless ventilation
- Oxygen therapy through a therapy face mask or nasal cannula
- 1 x Oxygen regulator, Pin Index, 1 x BS Schrader, therapy outlet
- 1 x Manual suction unit
- 1 x Pocket mask
- 1 x Cylinder holder for attaching Meditech 2L cylinder to other equipment such as a stretcher
- 4 x Oropharyngeal airways
- 1 x Catheter mount
- 1 x High concentration Oxygen therapy mask (adult)
- 1 x Resuscitation mask (adult)
- Supplied in soft, wipeable carry bag.

Oxygen Cylinder not included.

Marine Kits

MICROVENT™ MARINER KIT

Part No.
670-0413-00

MICROVENT™ MARINER RESCUE RESUSCITATOR WITH PIN INDEX AND BS SCHRADER FITTING

- 1 x Microvent™ advanced adult resuscitator with automatic and manual modes of operation. Fitted with 1m supply hose with BS Schrader probe.
- Automatic setting pre-set to Adult: 600ml breath at 12 breaths per minute
- 2 x Meditech Mariner Oxygen regulators (head end and foot end) with pin index inlet connector and BS Schrader outlet
- 1 x Pneumatic harness with switching shuttle valve fitted with BS medical Oxygen fittings
- 1 x Casualty harness with secured head harness, two cylinder storage pods with draw cords and zipped closure, resuscitator storage, waist strap
- 1 x Resuscitation mask (adult)
- 1 x Hook ring for attaching face mask to head harness
- Microvent™ Mariner carrying bag.

Oxygen Cylinder not included.

Demand Valve Kits

ENTONOX®

Part No. 900-3021-00

ENTONOX® DEMAND VALVE KIT WITH REGULATOR (2m HOSE)

Standard Entonox® demand valve kit:

- Full length handle
- 2m hose with BS Schrader probe
- Entonox® demand valve kit bag
- 5 x Mouth pieces/bacterial filters
- 1 x Face mask (adult)
- 1 x Face mask (child)
- 1 x Entonox® regulator,
- Customised kits are available. pin index,
1 x BS Schrader outlet

Part No. 900-1021-00

ENTONOX® DEMAND VALVE KIT WITHOUT REGULATOR (2m HOSE)

Standard Entonox® demand valve kit:

- Full length handle
- 2m hose with BS Schrader probe
- No regulator
- Entonox® demand valve kit bag
- 1 x Face mask (adult)
- 1 x Face mask (child)
- Customised kits are available
- 5 x Mouth pieces/bacterial filters.

Entonox Cylinder not included.

OXYGEN

Part No. 910-3021-00

OXYGEN DEMAND VALVE KIT WITH REGULATOR (2m HOSE)

Standard Oxygen Demand Valve Kit:

- Full length handle
- 2m hose with BS Schrader probe
- Oxygen demand valve kit bag
- 5 x Mouth pieces/bacterial filters
- 1 x Face mask (adult)
- 1 x Face mask (child)
- 1 x Oxygen regulator,
- Customised kits are available. pin index,
1 x BS Schrader outlet

Part No. 910-1021-00

OXYGEN DEMAND VALVE KIT WITHOUT REGULATOR (2m HOSE)

Standard Oxygen Demand Valve Kit:

- Full length handle
- 2m hose with BS Schrader probe
- No regulator
- Oxygen demand valve kit bag
- 1 x Face mask (adult)
- 1 x Face mask (child)
- Customised kits are available
- 5 x Mouth pieces/bacterial filters.

Oxygen Cylinder not included.

Dental Kits

DENTAL KIT TO MEET RESUSCITATION COUNCIL (UK) GUIDELINES

Part No. 670-0684-00

A COMPREHENSIVE DENTAL RESUSCITATION KIT WHICH HAS BEEN DESIGNED TO MEET THE AIRWAY AND BREATHING REQUIREMENTS AS SET BY THE RESUSCITATION COUNCIL (UK) GUIDELINES.

Specific resuscitation equipment should be available immediately in all primary care dental premises.

This equipment list is standardised throughout the UK. The resuscitation equipment in this dental kit is latex-free and for single-patient use. Replacement and spare parts can be found in the accessories pages.

- 1 x SL Pin Index therapy only regulator
- 1 x Pocket mask with Oxygen port
- 1 x Hand operated suction unit
- 5 x Oropharyngeal airways (size 0, 1, 2, 3, 4)
- 1 x BVM resuscitation system with size 4 mask (adult)
- 1 x Child BVM resuscitation system with size 3 mask
- 3 x Clear face mask for self-inflating bag (size 0, 1, 2)
- 1 x High concentration Oxygen therapy mask (adult)
- 1 x High concentration Oxygen therapy mask (child)
- 1 x Carry bag.

If you would like to customise your own kit, to suit your requirements, please contact our Sales Team to discuss further options.

Please note that the above Kit does not include Oxygen Cylinders.

Cylinders

BNOS Meditech Ltd. stock and supply a full range of Medical Oxygen Cylinders, ranging from 2L (D size) up to 40L (H size). They are available filled or empty with a Pin Index or Bullnose cylinder valve (other valves are available upon request). All Cylinders are filled to 200 bar and each Cylinder has a life span of approximately 3 years from the filling date.

B.N.O.S Meditech
has a Whole Sale
Dealers licence to
distribute Medical
Oxygen.

O₂ CYLINDER, 2L ALLOY, PIN INDEX VALVE

FILLED – Part No. 676-0362-00

EMPTY – Part No. 676-0361-00

Alloy Oxygen Cylinder supplied with medical Oxygen pin index valve:

- Filled to 200 bar (holding 400 litres of Oxygen)
- ISO 7866:1999 Gas Cylinders
- Empty Cylinder weight: 3.5kg
- Cylinder dimensions: Diameter – 111mm. Length – 420mm

O₂ CYLINDER, 2L ALLOY, BULLNOSE VALVE

FILLED – Part No. 676-0312-00

EMPTY – Part No. 676-0311-00

Alloy Oxygen Cylinder supplied with a medical Oxygen Bullnose valve:

- Filled to 200 bar (holding 400 litres of Oxygen)
- ISO 7866:1999 Gas Cylinders
- Empty Cylinder weight: 3.5kg
- Cylinder dimensions: Diameter – 111mm. Length – 420mm

O₂ CYLINDER, 5L STEEL, PIN INDEX VALVE

FILLED – Part No. 676-0025-00

EMPTY – Part No. 676-0026-00

Steel Oxygen Cylinder supplied with medical Oxygen pin index valve:

- Filled to 200 bar (holding 1000 litres of Oxygen)
- ISO 7866:1999 Gas Cylinders
- Empty Cylinder weight: 8.5kg
- Cylinder dimensions: Diameter – 140mm. Length – 560mm

Cylinders (excluding 5L) is available with a Bullnose or Pin Index valve. Other valves available upon request.

O₂ CYLINDER, 10L STEEL, PIN INDEX VALVE

FILLED – Part No. 676-0029-00

EMPTY – Part No. 676-0030-00

Steel Oxygen Cylinder supplied with medical Oxygen pin index valve:

- Filled to 200 bar (holding 2000 litres of Oxygen)
- ISO 7866:1999 Gas Cylinders
- Empty Cylinder weight: 11.8kg
- Cylinder dimensions: Diameter – 140mm. Length – 800mm.

O₂ CYLINDER, 10L STEEL, BULLNOSE VALVE

FILLED – Part No. 676-0031-00

EMPTY – Part No. 676-0032-00

Steel Oxygen Cylinder supplied with a medical Oxygen Bullnose valve:

- Filled to 200 bar (holding 2000 litres of Oxygen)
- ISO 7866:1999 Gas Cylinders
- Empty Cylinder weight: 11.8kg
- Cylinder dimensions: Diameter – 140mm. Length – 800mm.

O₂ CYLINDER, 40L STEEL, PIN INDEX VALVE

FILLED – Part No. 676-0001-00

EMPTY – Part No. 676-0002-00

Steel Oxygen Cylinder supplied with medical Oxygen pin index valve:

- Filled to 200 bar (holding 8000 litres of Oxygen)
- ISO 7866:1999 Gas Cylinders
- Empty Cylinder weight: 25kg
- Cylinder dimensions: Diameter – 232mm. Length – 1300mm.

O₂ CYLINDER, 40L STEEL, BULLNOSE VALVE

FILLED – Part No. 676-0003-00

EMPTY – Part No. 676-0004-00

Steel Oxygen Cylinder supplied with a medical Oxygen Bullnose valve:

- Filled to 200 bar (holding 8000 litres of Oxygen)
- ISO 7866:1999 Gas Cylinders
- Empty Cylinder weight: 25kg
- Cylinder dimensions: Diameter – 232mm. Length – 1300mm.

Cylinders (excluding 5L) are available with a Bullnose or Pin Index valve. Other valves available upon request.

Cylinders – Accessories

CYLINDER RACK

Part No.
674-0107-00

- Secures Oxygen Cylinder to the wall – universal size.

CYLINDER SPINDLE KEY (PIN INDEX)

Part No.
177-0112-00

CYLINDER SPINDLE KEY (BULLNOSE)

Part No.

HOOK RING

Part No.
673-0444-00

The hook ring attaches the head harness to the silicone resuscitation mask. For use with head harness 673-0445-00 and resuscitation face mask 673-0452-00.

EXPIRATION DIVERTER FOR MICROVENT™/ ENTONOX DEMAND VALVE SCAVAGING PORT

Part No.
674-0008-00

PEEP valve 674-0007-00 attaches to Microvent™ resuscitator via the expiration diverter 674-0008-00.

PEEP VALVE FOR MICROVENT™

Part No.
674-0007-00

PEEP valve 674-0007-00 attaches to Microvent™ resuscitator via the expiration diverter 674-0008-00.

PRESSURE INDICATOR ON 'T' 720 SWIVEL

Part No.
674-0018-00

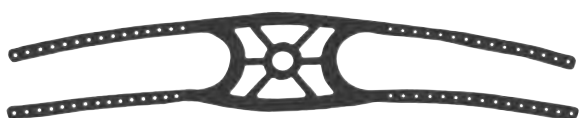

Pressure indicator with a 22mm male/22mm female fitting. Swivels 360 by 360. Low cost for single use.

CATHETER MOUNT

Part No.
673-0310-00

ET tube or resuscitation mask extension mount. Single patient use. Colour and detail may vary.

HEAD HARNESS

Part No.
673-0445-00

The head harness holds the resuscitation face mask to the patient's mouth and nose, such as in an emergency rescue. For use with hook ring 673-0444-00 and resuscitation face mask 673-0452-00.

Size 3.	673-0573-00
Size 4.	673-0574-00

HUMIDIFIER (single use or auto-clavable)

Single unit - single use

Part No.
674-0047-00

Carton of 60 (single use)

Part No.
674-0047-60

- Single-patient use
- Designed for long term durability
- With 350ml capacity
- Audible safety pop off alarm and a quad nut connector
- Clear markings of maximum and refill water level indicator allows medical personnel know if additional water is needed.

Single unit - auto-clavable

Part No.
674-0110-00

- Designed for long term durability
- 350ml Capacity
- Audible safety pop off alarm and a quad nut connector
- Clear markings of maximum and refill water level indicator, allowing medical personnel to know if additional water is needed.

BACTERIAL FILTER / MOUTH PIECE

Part No.
673-9021-00

Single use bacterial mouth pieces used to avoid cross contamination. To be used with our Entonox[®] and Oxygen demand valves.

HOSE BARB CONVERTER (PLASTIC)

Part No.
674-0079-00 (pack of 10)

Plastic converter, screws onto 9/16" thread and converts to fir tree style connector to accept plastic therapy hose.

Accessories

SINGLE USE BAG VALVE MASK

Adult Part No.

673-0564-00

Adult BVM resuscitation system with 1L bag with a pressure relief valve (40cm H₂O).

Child Part No.

673-0565-00

Child BVM resuscitation system with 550ml bag with a pressure relief valve (40cm H₂O).

- Both with 3m Oxygen tubing
- Oxygen reservoir bag with rapid bag recoil.

HIGH CONCENTRATED THERAPY MASK

Adult Part No.

673-9006-00

Child Part No.

673-9007-00

- Oxygen therapy mask in PVC with PE connector
- Including 2m Oxygen tubing
- Elasticated adjustable head strap
- PE reservoir bag
- Single patient use.

MANUAL SUCTION UNIT

Part No.

673-0448-20

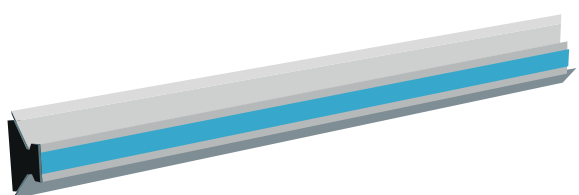

- Manually operated suction unit
- Small and light for good portability
- Easy to use and direct
- Supplied with choice of catheters.

Suction jar and catheter - replacements

Part No.

674-0473-00

Replacement suction jar with three different sizes of suction catheter.

MEDICAL RAIL - 1M LENGTH

Part No.

674-0075-00

- Universal rail
- 3 x fixing screws & plugs and 2 end caps
- 1m long with 2m edge trim
- 1m cover strip.

POCKET MASK

Part No.

673-0569-00

Pocket mask with supplementary O₂ Connector, head strap, filter & protective carry case. One way protection valve allows gas to pass from the rescuer to patient without any physical contact between the two, minimising the risk of cross contamination

Accessories

RAIL CLAMP + WALL BRACKET

Part No.
674-0126-00

- Universal rail clamp
- Complete with wall bracket

WALL MOUNTING BRACKET

Part No.
674-0133-00

RAIL MOUNTING BRACKET

Part No.
674-0129-00

- 44MM Universal rail mounting bracket

POLE CLAMP

Part No.
674-0134-00

- For use with 20-40mm diameter poles
- Complete with mounting bracket

OXYGEN SIGN

Part No.
674-0106-00

Accessories

BODOK SEAL

Part No.
033-1012-00

THERAPY OUTLET ADAPTER

9/16\" UNF TO 3/8\" BSP
Part No.
177-1029-03

9/16\" UNF to 1/4\" BSP
Part No.
673-1040-00

3/8\" BSP TO 9/16\" UNF
Part No.
177-1053-00

- Screw on adapter for threaded therapy outlets
- Made from stainless steel
- Includes sealing O-rings

THERAPY OUTLET FIR TREE – METAL

9/16\" UNF
Part No.
674-0137-00

3/8\" BSP
Part No.
674-0103-00

- Made from stainless steel
- Includes sealing O-rings
- Thread Type – 9/16\" UNF or 3/8\" BSP

I-GEL® SUPRAGLOTTIC AIRWAYS

Size	Part No.
5	673-0638-00
4	673-0639-00
3	673-0640-00
2	673-0641-00
1	673-0642-00

- Supraglottic airway device for use with Microvent™ Resuscitator
- Designed to create a non-inflatable, anatomical seal of the pharyngeal, laryngeal and perilaryngeal structures. Which avoiding compression trauma
- Ideal for use with patient weights between 2-90KG

NASAL CANNULA

ADULT
Part No.
674-0086-00

CHILD
Part No.
674-0113-00

- Nasal cannula with straight prongs + tube (1.8M)

Accessories

RUBBER BOOT

Part No.
633-0027-00

- Protective rubber boot for Meditech Regulator Gauges

CG MIDI BREATHING FILTER

Part No.
673-1042-00

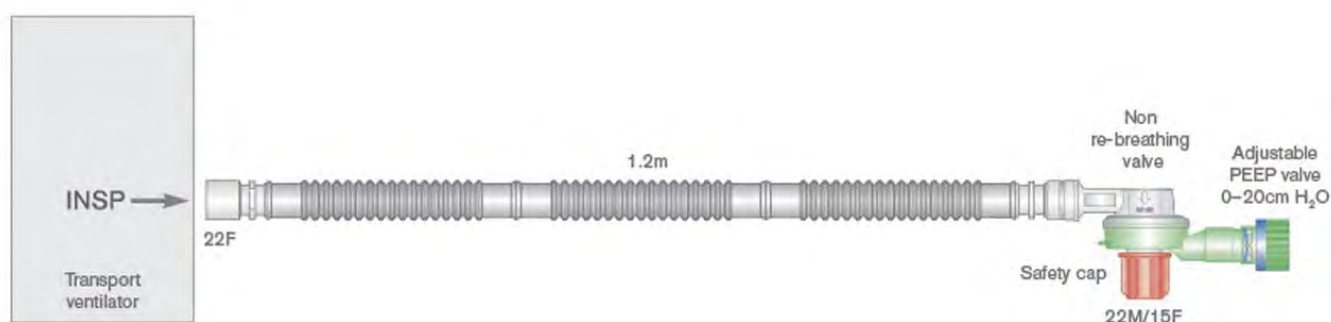

- 22F – 22M / 15F connectors
- Filtration efficiency is more than 99.9%

CLEAR-THERM 3 FILTER / HME

Part No.
673-1041-00

- 22F / 15M – 22M – 15F connectors
- Filtration efficiency is more than 99.9%
- Moisture loss 7.8mg H₂O / l

MICROVENT™ CIRCUIT INCLUDING PEEP

Part No.
673-1040-00

- 22MM Flextube transport breathing system with non-re breathing valve + adjustable PEEP valve. 0-20CM H₂O (Fixed PEEP available upon request)
- Includes Microvent™ protection filter, HME filter, adult + child resuscitation masks.

MICROVENT™ CIRCUIT EXCLUDING PEEP

Part No.
673-1040-01

- 22MM Flextube transport breathing system with non-re breathing valve
- Includes Microvent™ protection filter, HME filter, adult + child resuscitation masks.

Accessories

An essential part of Resuscitation & Demand Valve Kits is a case that is well designed. MediTECH soft cases are constructed to contain the Resuscitator & the Demand Valve to ensure they are easy to carry and quick to use.

FABRIC BAG FOR ENTONOX KITS - WIPE CLEAN (SUPPLIED EMPTY)

Part No.
673-1039-00

- Twin Carry Handles
- Reinforced, padded end panels
- Padded internal pockets to hold demand valve + accessories
- Clip on shoulder strap
- Marked ' ENTONOX KIT'
- Rubberised material covering base
- Padded sleeve to hold Entonox cylinder securely
- Double zip

Approximate dimensions: Diameter - 280mm. Length - 580mm.

FABRIC BAG FOR OXYGEN KITS - WIPE CLEAN (SUPPLIED EMPTY)

Part No.
673-1011-02

An essential part of a resuscitation kit is a case that is well designed. This soft case is constructed specially to contain the resuscitator and make it easy to carry and quick to use.

- Twin carrying handles
- Marked 'OXYGEN KIT'
- Reinforced, padded end panels
- Rubberised material covering base
- Internal pocket for instructions for use
- Padded sleeve to contain and support cylinder
- Padded pocket to contain Microvent™ resuscitator handset
- Clip-on shoulder strap
- Retro-reflective detailing
- Padded sides and base
- Internal pockets for accessories
- Clear pocket for abbreviated user guide
- Twin cylinder restraint straps
- Double pull zip.

Approximate dimensions: Diameter - 280mm. Length - 580mm.

SERVICING ARRANGEMENTS AVAILABLE FROM MEDITECH

PRODUCT SERVICING & MAINTENANCE

By customer request, regular servicing of all units is available. The units will be returned to Meditech where an initial examination takes place. Meditech will then send a quotation (including carriage) to the customer asking how they wish to proceed. Once the customer has given the go ahead, Meditech will proceed to carry out the check / service / rebuild of the unit. The unit will then be returned to the customer upon completion. We also offer a service contract set up which will be tailor made to suit the individual needs of the customer. A fixed-price calibration service on Microvent™ units is also available on request.

For more information on loan equipment and test kits please contact a member of our staff.

SERVICE TRAINING

We offer training courses so that a customer's engineer may learn to carry out various levels of service on their Meditech products. The basic levels are;

1. Level 1: Product familiarisation. Customer checks as detailed in user manual. Replacement of external parts without the use of tools.
2. Level 2: Calibration check using simple test equipment. Replacement of external parts including trigger and hose replacements. Use of simple tools will be required.
3. Level 3: Calibration checks using professional test equipment.

For more advanced levels of service training, please contact our sales team and they will be able to provide you with more information.

TECHNICAL SUPPORT

For any technical advice, support or pricing of our services please contact a member of staff via email or telephone and they will be able to help you.

TERMS AND CONDITIONS

1. DEFINITIONS AND INCORPORATION

- 1.1 In these Conditions, "Meditech" means B.N.O.S. Meditech Limited (Company Number 02368331) whose registered office is at Unit 9, Fifth Avenue, Bluebridge Industrial Estate, Halstead, Essex CO9 2SZ; "Contract" means any contract between Meditech and the Customer for the sale and purchase of the Goods and/or Services, including these Conditions; "Customer" means the party purchasing Goods and/or Services from Meditech; "Goods" means the medical equipment, kits and accessories supplied to the Customer by Meditech pursuant to the Contract; and "Services" means the repair, maintenance and related services to be supplied to the Customer by Meditech pursuant to the Contract.
- 1.2 Subject to any variation pursuant to this Condition 1.2, the Contract will be on these Conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Customer purports to apply under any purchase order, confirmation of order, specification or other document). No variation to these Conditions or any representations about the Goods and/or the Services shall have any effect unless expressly agreed in writing and signed by a duly authorised representative of Meditech.

2. ORDERS, DELIVERY, RISK AND TITLE

- 2.1 Each order for Goods and/or Services by the Customer from Meditech shall be deemed to be an offer by the Customer to purchase Goods and/or Services subject to these Conditions. No order placed by the Customer shall be deemed to be accepted by Meditech until a written acceptance of order is issued by Meditech or (if earlier) Meditech commences performance of the Contract.
- 2.2 The price of the Goods excludes carriage charges which the Customer shall pay in addition. Unless otherwise agreed in writing by Meditech, delivery of the Goods shall take place upon arrival of the Goods at the location specified in the Customer's order or otherwise agreed to in writing.
- 2.4 Any dates specified by Meditech for delivery of Goods and/or performance of the Services are an estimate only. Goods are at the risk of the Customer from the time of delivery but title in Goods shall not pass from Meditech until the Customer has paid all amounts due under the Contract. Until title in Goods passes to the Customer the Customer shall (a) hold Goods and each of them on a fiduciary basis as bailee for Meditech; (b) store Goods separately from all other goods in its possession (marked in such a way that they are clearly identified as Meditech's property); and (c) (subject to written agreement to the contrary by Meditech) not dispose of them. Further, until such time as title in Goods passes to the Customer, the Customer shall upon request forthwith deliver up such Goods to Meditech. The Customer hereby grants Meditech an irrevocable licence at any time to enter any premises where Goods are or may be stored in order to inspect them, and, until such time as title in Goods passes to the Customer, to recover them.

3. PRICE AND PAYMENT

- 3.1 The price for Goods and/or Services shall be the price set out in Meditech's quotation issued to the Customer, save that, unless otherwise stated in writing, any such quotation is valid for a period of 30 days from its date. Thereafter, a new quotation must be requested by the Customer.
- 3.2 All prices shall be exclusive of VAT, which if lawfully chargeable the Customer will pay in addition. Payment is due within [30] days of the date of Meditech's invoice. The Customer shall make all payments due under the Contract with out any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise.
- 3.3 If the Customer fails to pay any sum due pursuant to the Contract the Customer will be liable to pay interest to Meditech on such sum from the due date for payment at the annual rate of [4]% above the base lending rate from time to time of NatWest Bank plc, accruing on a daily basis until payment is made, whether before or after any judgment.

4. WARRANTY AND LIABILITY

- 4.1 Subject to Condition 4.2 Meditech warrants that, provided the Customer and end-users follow Meditech's instructions as to the storage, installation, commissioning, use or maintenance of Goods or (if there are none) good industry practice, Goods will for a period of 12 months from the date of delivery, be free of material defects. If any Goods do not conform with such warranty Meditech shall at its option repair or replace such Goods as soon as reasonably practicable or refund the price of such Goods. This Condition 4.1

states the exclusive remedy of the Customer, and the entire liability of Meditech, for breach of such warranty.

- 4.2 Meditech shall not be liable for any breach of the above warranty given in relation to Goods unless the Customer gives written notice of the defect to Meditech within 30 days of the time when the Customer discovers or ought to have discovered the defect; and unless Customer (if asked to do so by Meditech) returns such Goods to Meditech at Customer cost for inspection by Meditech.
- 4.3 Meditech warrants that it will perform Services with reasonable care and skill. If it is shown to be in breach of such warranty in relation to particular Services, it shall at its own cost as soon as reasonably practicable re-perform the relevant Services or instead (if it so decides) waive or refund to the Customer such of the fees payable or paid to Meditech by the Customer under the Contract as are attributable to those particular Services. This Condition 4.3 states the exclusive remedy of the Customer, and the entire liability of Meditech, for breach of such warranty.
- 4.4 Save as expressly set out herein, all warranties, conditions and other terms implied by statute or common law or otherwise are, to the fullest extent permitted by law, excluded from the Contract save that nothing in these Conditions excludes or limits the liability for fraud or for death or personal injury caused by negligence.
- 4.5 Subject to Condition 4.4, Meditech's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation or otherwise, arising out of or in connection with the Contract shall be limited to the price payable for the Goods and/or the Services which are the subject of the Customer's claim. Meditech shall not be liable to the Customer, in contract in tort or otherwise, for any loss of profits, business, revenue, goodwill or anticipated savings or for any indirect or consequential or economic loss whatsoever howsoever arising out of or in connection with the Contract.
- 4.6 Meditech shall not be liable or responsible for any loss or damage caused by delay in the performance or non-performance of its obligations hereunder where the same is occasioned by acts or omissions of the Customer, strikes, lock-out or trade dispute, difficulties in obtaining labour or materials or any other cause whatsoever beyond Meditech's reasonable control including but not limited to any act of God, war, terrorism, transport, civil disturbance, government or parliamentary restrictions, prohibitions or enactments of any kind. If the cause continues for more than 60 days either party may terminate the Contract by giving the other party no less than 30 days' written notice.

5. GENERAL

- 5.1 The Customer may not assign or transfer its rights or delegate its duties under the Contract either in whole or in part. Meditech may assign the Contract in whole or part and/or delegate the performance of its obligations to third parties without reference to the Customer.
- 5.2 The failure of a party to exercise or enforce any right under the Contract shall not be deemed to be a waiver of that right nor operate to bar the exercise or enforcement of it at any time or times thereafter.
- 5.3 The Contract is not intended to confer a benefit on any third party, whether pursuant to the Contracts (Rights of Third Parties) Act 1999 or otherwise.
- 5.4 If any term of the Contract is held to be void or unenforceable by any reason of law, it shall be void or unenforceable to that extent only and no further and all other terms shall remain valid and fully enforceable.
- 5.5 Meditech may terminate the Contract forthwith by notice in writing to the Customer if the Customer ceases or threatens to cease to carry on its business or adopts a resolution for it to be wound up or if a petition is presented for the appointment of an administrator or a receiver or an administrative receiver is appointed in respect of any part of the Customer's undertaking or assets or if the Customer is unable to pay its debts within the meaning of Section 123 of the Insolvency Act 1986 (or any re-enactment of further enactment thereof). Termination of the Contract, for whatever cause, shall be without prejudice to the rights of either party accrued prior thereto, including without limitation any right to payment of any sum and any right to sue in respect of any antecedent breach of the Contract.
- 5.6 The Contract shall be governed by and construed in all respects in accordance with the laws of England and the parties submit to the exclusive jurisdiction of the English courts in respect of any dispute or claim arising out of or relating to the Contract.
